The Staff and Friend's of Calkins Nature Area

THANK YOU!

The staff and Friend's of Calkins Nature Area would like to take the opportunity to thank all of the businesses, organizations, and community members of Hardin County and surrounding areas that made donations to our annual fundraiser that was held Tuesday February 2nd. We are grateful that so many citizens appreciate what Calkins Nature Area has to offer. We will continue to do our best to offer quality environmental education and recreation to Hardin County residents and beyond. We are excited to report that donations, attendance, and money raised far exceeded our expectations and broke all other previous year records! Once again we thank everyone who participated in this years fundraiser you've all been a part of the success of Calkins Nature Area.
